The sooner you do this the **better the chance** that any changes can be made to your assigned division if necessary.

At weigh-in, competitors must have on their complete uniform as set forth in the rules. A competitor must not exceed the upper limit of the weight range of the division in which he or she is registered or they may be **disqualified**.

The Match

There are two types of Jiu-Jitsu divisions, positional and submission. All Beginner and 8 yr. & under divisions will be positional only - no submissions allowed. All other Jiu-Jitsu divisions will be submission.

Match times are as follows in the table below:

Match Time (Minutes)				
Age Group	Beginner	Intermediate	Advanced	Extension Round
Juniors: 8 & under	2	2	2	1
Juniors: 9 - 17	2	3	4	1
Adults: 18 & up	3	4	5	1
Seniors: 40 & up	3	4	5	1

All divisions will start on their feet in a neutral position, except Adult and Senior (40 & up) Beginner divisions which will begin the match in **Top / Bottom position**. Winner is determined by:

- Submission** (not for Positional divisions) The objective of a match is to make the other athlete submit, not to injure them. Therefore, all submission techniques must be applied gradually in order to give the athlete time to submit. The referee may disqualify any athlete who does not heed this rule. To submit, an athlete must tap twice with his/her hand on the opponent, ground, or himself/herself in a clear and apparent manner or when the athlete taps the ground twice with his/her foot, when arms are trapped by the opponent or when the athlete verbally withdraws, requesting the match be stopped.
- Points** The athlete with the most points at the end of regulation time shall be declared the winner. In the case of a tie, a 1-minute extension round will be added. See table below for point scoring techniques:

1 point	2 points	3 points	4 points	5 points
*Control	Reversal/Sweep	Knee on Belly	Mount/Back mount	Back Control
*Escape	Side Control			
	**Near Submission			

*Not for Adult Beginner and Senior Beginner divisions

**Not for positional divisions

- Effective Aggressiveness.** If there is still a tie, the winner will be determined by **Effective Aggressiveness**.

Lack of Combativeness (Stalling)

Lack of combativeness (stalling) is defined by one athlete clearly not pursuing positional progression in a match and also when an athlete impedes the other athlete from carrying out said progression.
